IMPORTANT: If item 28 is marked, or item 23 shows any injury, or other traumatic event, the medical examiner must be notified at once.

Handwritten text, likely bleed-through from the reverse side of the page. The text is faint and mostly illegible due to the quality of the scan. It appears to be a list or a series of notes, possibly related to a project or a study. Some words are difficult to decipher, but they seem to be in English. The text is organized into several lines, with some indentation. There are also some small marks and symbols scattered around the text.
